

EMBRACE™ SEAT CUSHION

WITH MOLDABLE INSERT

ANTI-THRUST: The Embrace Anti-Thrust cushion provides pre-ischial build up to prevent forward migration and maintain pelvic stability. Abductor/adductor contouring and trochanteric shelf to provide maximum stability to pelvis and leg positioning.

All cushions come standard with an internal incontinent cover and a top cover.

PRODUCT FEATURES

THE MOULDABLE INSERT A NEW WAY TO LOOK AT CUSTOMISING CUSHIONS

This system allows for on-site customisation to effectively meet the needs of the person. The dynamic nature of input provides positioning support while allowing for movement. The insert can be re-moulded to meet changes in a person's physical and functional needs.

Ask for one for trial with your Embrace cushion and easily create an obliquity build up.

STRETCH-AIR FABRIC: Designed for air transmission and heat dissipation. This breathable laminate combines a high stretch polyester top layer with a waterproof, breathable vapour barrier. This cover comes standard with a front zipped pocket.

INCONTINENT PROOF INNER COVER: Provides extra protection from fluids and moisture.
